## A Knight is a SERVANT

November 2016

### Grand Knight's Message:

Worthy Brothers,

In this article I will be paraphrasing and quoting from the monthly letter by the State Chaplain, Bishop Oscar A. Solis.

Our worthy Lecturer mentioned that we are Christian servants. A knight is foremost a servant for others and with others. He lives and embraces the principles of our fraternal order centered on God, inspired by the Holy Spirit, rooted in the Scriptures, and grounded in humility leading and guiding others to service by the witness of our life.

Here are some marks of a Christian Servant (disciple): Selflessness – the willingness to sacrifice or share his time, talent and treasure

even when challenging and difficult; Enthusiasm – finds joy and fulfillment in serving others; Responsible – trustworthy, reliable and one can depend on; Virtuous – has good character, integrity and humility; Available – ready and willing to extend himself to others; Nurturing – encourages, develops and enables others to be servant leaders; and Third – always considers God first, then others before he thinks of himself.

Vivat Jesus!

Grand Knight*

## Only Having Insurance “Through Work” Doesn’t Work

I know I’ve talked about this before...but with open enrollment season upon us again, it is a worthwhile topic to bring up again.

Do you know anyone whose life or career has drastically changed during these years of economic downturn? It’s very likely that someone in your immediate or extended family or group of friends is facing financial uncertainty. Maybe there’s a possibility that you (or your spouse) could change employers, or even lose your job.

Too many people have often relied on group term life insurance as their only safety net. Often, this insurance is an employee benefit provided at low or no cost. The existence of this coverage might

convince someone that personally-owned life insurance is not necessary.

But only having “through work” insurance can leave you and your family vulnerable. Most group life insurance policies are limited in amount, which may be tied to salary or some other benchmark. These numbers are often capped, and this cap may be dangerously low when compared to your family’s actual needs. In fact, a detailed needs analysis that evaluates your specific situation, will likely show that any employer-provided coverage falls short.

In addition, the amount of group insurance offered is almost always reduced, sometimes dramatically, when you retire. You

could one day find yourself without coverage, and if your health has changed (which it will as you age), you might also find yourself unable to secure individual protection. At the very least, it will definitely be more expensive.

While group life insurance can help, it does not replace the need for individually owned life insurance. I’ll be happy to meet with you and provide a no-cost needs analysis, so you’ll know exactly where you stand.

Fraternally,

## A Time to Give Thanks

This month, America will celebrate Thanksgiving—a holiday with deep roots in the history and culture of our Country. Although many other nations and cultures have similar holidays to celebrate the Autumn harvest, Thanksgiving is a peculiarly American festival. In spite of the apparent national obsession with eliminating God from America’s secular life, Thanksgiving embodies the American belief in joining together to give thanks to our Good Lord for the blessings He has bestowed on us throughout the year.

As children, we all learned about the Pilgrims, the Mayflower, and

Plymouth Rock—and the story of the First Thanksgiving, when all people gathered in peace to offer thanks to the Almighty for His goodness. To this day, Thanksgiving remains a peaceful time for family and friends to join together in celebrating Life, Health, and all the Blessings of God.

**This year, may you and your  
loved ones enjoy a  
Blessed Thanksgiving!**
